

Integrating the Healthcare Enterprise (IHE)

1 day

Overview

This course aims to teach staff how to plan, build, implement and support IHE systems.

Who should attend?

All staff working on projects involving IHE including System Implementers, System Architects, System Designers, Consultants, Senior Radiographers and Support Engineers.

Prerequisites

- Introduction to DICOM
- Introduction to HL7

Objectives

- Introduction to IHE
- Data Model
- Technical Frameworks
- IHE Actors
- Integration Profiles
- Benefits for Stakeholders
- Existing Standards and IHE

Quizzes and Assessment

The course includes interactive quizzes to consolidate learning and a final assessment to provide reassurance that your staff have achieved the required level of competence.

Further training

- Advanced DICOM
- Advanced HL7

Specific requirements

We understand that you may have specific requirements such as:

- Delivery of the course to a specific audience
- Tailoring of the course content
- Delivery of the course at a particular location
- Analysis of the training needs of your staff

Ideal Training wants you to be entirely satisfied with the services we offer and so we are always happy to discuss your needs in detail and to propose solutions.
